

FRAME SYSTEM TWO SIDE STANDARD HEIGHT

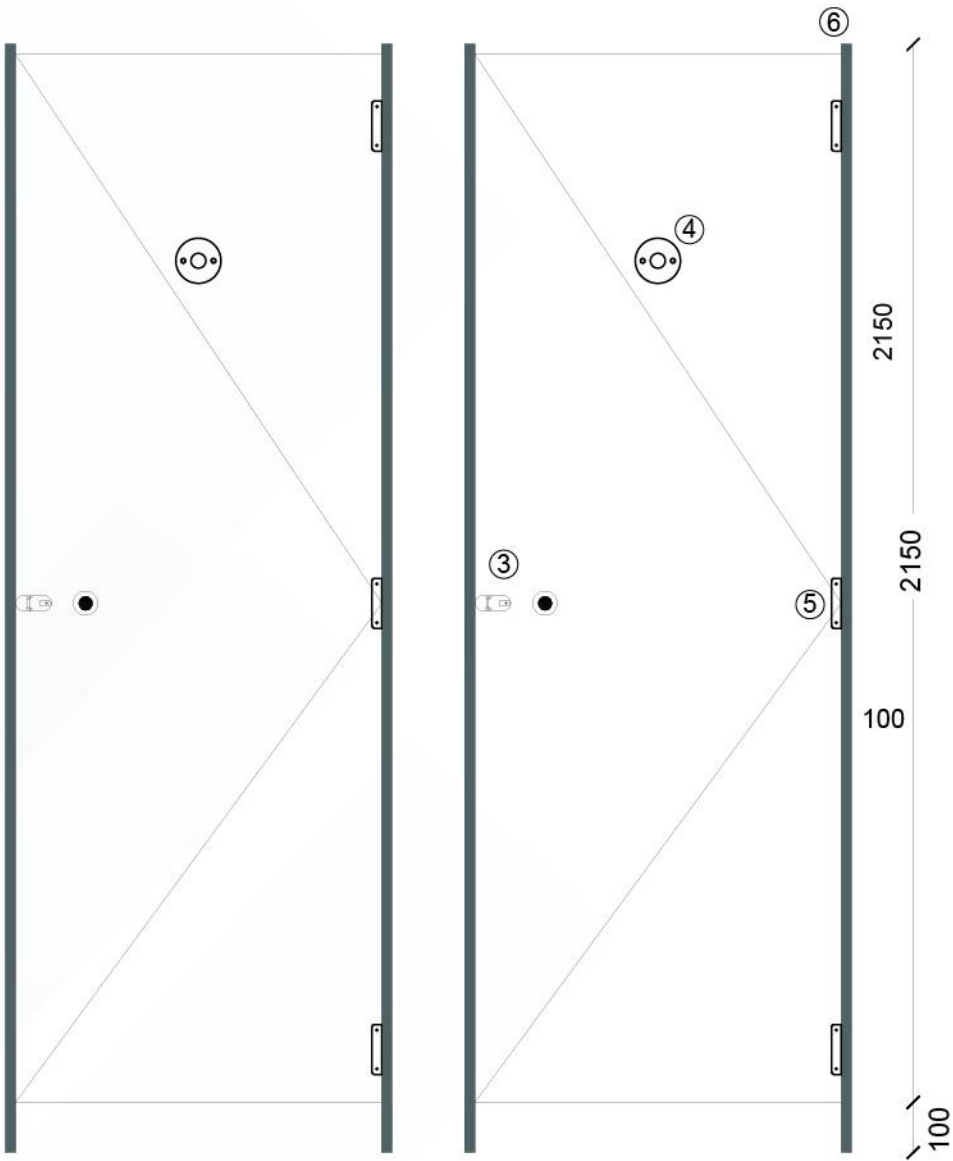

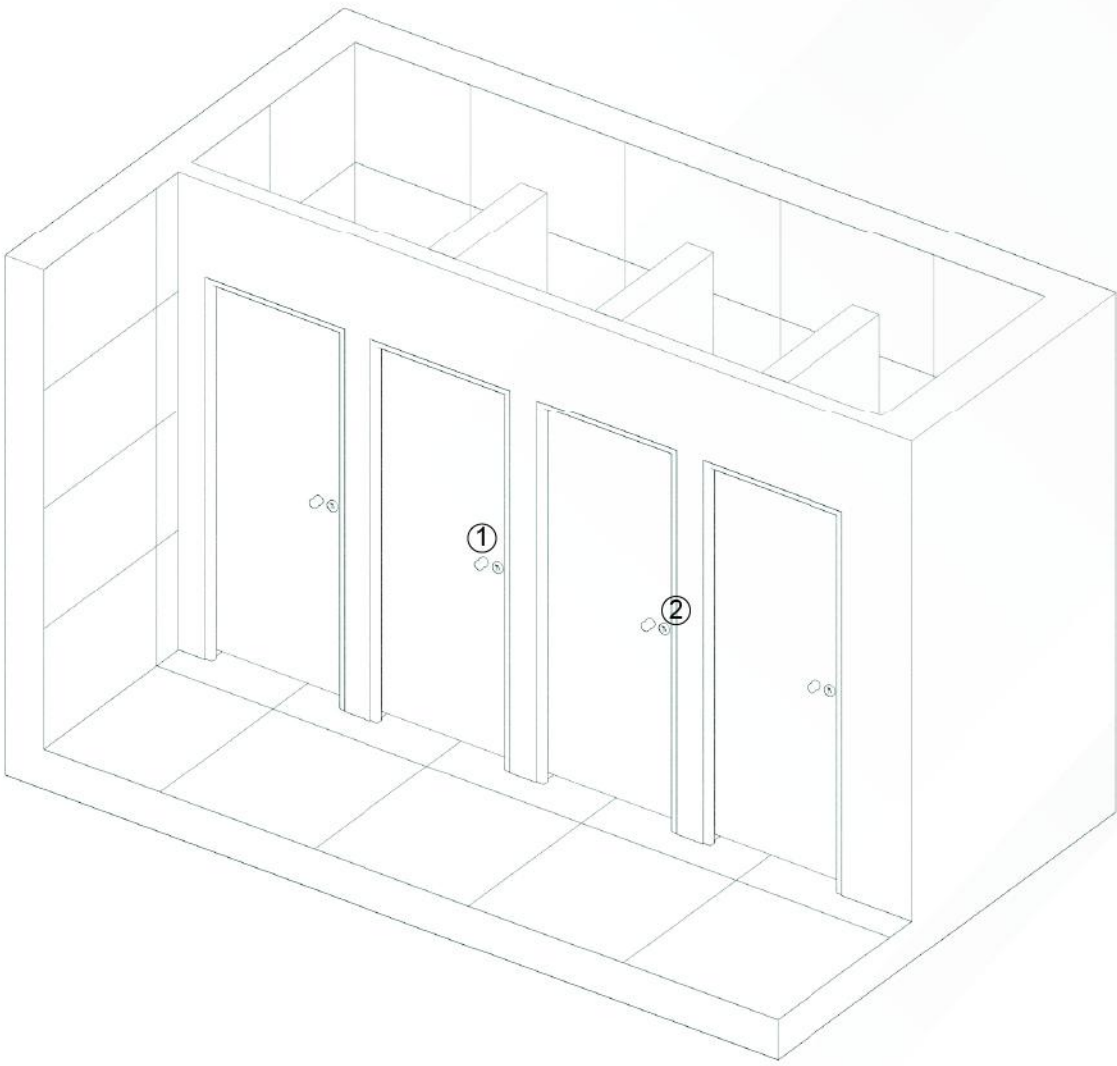

The Frame System Two Side Standard Height Cubicle is engineered for strength and long-term performance. Side-wall aluminum framing enhances stability, making it ideal for heavy-use environments.

DOOR HANDLE (Stainless Steel)	DOOR LOCK (Occupancy Indicator)	HINGES	ALUMINUM TWO-SIDE FRAME (SIDE WALLS)	COAT HOOK
Made from stainless steel with a brushed satin finish, offering durability, corrosion resistance, and a modern look for high-traffic washrooms.	Mechanical lock with a clear vacant/occupied indicator, designed for smooth operation, durability, and easy visibility in commercial restrooms.	High-quality stainless steel hinges ensuring smooth movement, strong door support, and long-term alignment under frequent use.	Sturdy aluminum frame for side panels, providing structural support and stability, corrosion-resistant.	Compact brushed stainless steel coat hook, corrosion-resistant and ideal for humid washroom environments.
